If correct that gives us 27 man team I like it!! Pefect mix with 4-5 medics in the group. I'll keep working on overall contact between Natl/congress team and stop the steal team for scheduling etc ...

Gator 6 runs the ground team. Whippit and GGSol will assist him especially when we are moving !

Other state leaders can be in direct contact with Kenneth Harrelson and then you handle your team as he needs .

Me and Traci have arrived in D.C. and have unpacked as far as I know we are the only ones here so far. Is there anywhere I should head to link up with other OK members?
